Unique services

A **reliable** partner

Founded in 1996, Concrete Wall Creation Ltd.

has been a design, production and marketing company for many years.

In 2003 we formed Roger Lin Studio Limited; a non-profit organization specializing in education and production. In 2007 we formed Moon Gallery Limited as an art consulting company.

Dissatisfied with only one area of business we are very proud to work on being the best, with the most innovative ideas, professional services, design, production and marketing. We are a company that strives with passion and pride to provide the greatest quality service.

In Hong Kong,

we have received numerous awards as a result of our great services provided to our clients' needs and requests.

We have empowered our client's brand and have provided various design solutions through innovative thinking and thorough professional spirit to enhance our customer's brand impact and various design solutions

From the moment the project is conceptualized to the moment it is realized, we will deliver the best results throughout. With our honest and responsible working ethic towards the projects.

We ensure customers satisfaction and continue to support multiple charitable events.

We will act as a strong and trusted partner in your important and valuable projects in Hong Kong

Thank you!

Our Services.

We are the trustable partner. We work professionally from the beginning of design until the promotion and production process are at an end.

We Collaborate

Our experienced individual experts will work closely with you, assisting your needs and helping your business grow. We do our best to surprise you with our innovation and creativity.

We Initiate

"Being unique" is at the core of our values. Instead of merely replicating from one place to another, we investigate into what you need, offer several options to customizable creative design solutions.

We Innovate

Our professional team is experienced in analyzing your need. Whether you provide a specific or general direction for us, we share our concepts with you and make sure your vision turns into a reality.

We Produce

With a hands-on approach and rich experience of managing every aspect of the supply chain from conception to completion, we attend to every detail during the production, helping you anticipate every potential challenge and set up contingency plans to combat them.

We Manage

With solid experience and professional staff we offer a one-stop solution, enabling the most efficient and effective answer to your needs.
